Upcoming Events

December 12-AzCPA meeting at Central Arizona College

February 13-AzCPA Annual Conference at the University of Phoenix

AzCPA is currently accepting proposals for our annual conference. Traditionally our conference has focused on helping new professionals with interviewing skills and navigating the national conference. We would like to expand the conference and give people from our state the opportunity to present on any topic that would be relevant to the field. Program proposals should include the topic, and a short summary of the program. Proposals are due to Karen Casselbury by **5PM on December 10th**.

April 1-5-ACPA Annual Conference in Philadelphia
Come and join us at the carnival as well as the AzCPA social!

Please look for updates on the spring semester meeting dates and locations. If your institution is interested in hosting an AzCPA meeting, please contact one of the executive board officers.

Message from the President

Greeting to all ACPA members in the state of Arizona. Our state division, AzCPA, has a small but dedicated Executive Board that is working to promote our Mission Statement:

The Arizona College Personnel Association actively seeks to unite students, faculty, and professionals who are committed to fostering educational partnerships that enhance holistic student learning and development in institutions of post-secondary education in the state of Arizona.

We hope you enjoy this newsletter and welcome your involvement. Please feel free to contact me directly with any questions, ideas, etc. at Karen.Casselbury@phoenix.edu
