

# Common Response Resolution

## ACPA Commission on Professional Preparation (Passed at the 2002 ACPA Convention)

*We affirm our responsibility to implement the Council of Graduate School's resolution regarding graduate scholarships, fellowships, traineeships, and assistantships concerning the date (currently April 15th) for responding to offers of financial support and remind our assistantship and financial support providers of their responsibility to use this date.*

*We affirm that financial support offers can be made at any time, along with encouragement to respond prior to the CGS's date using a reasonable timeline, such as two weeks from the date of offer, but we cannot insist upon a response to the offer until the Council's date.*

*We reaffirm that academic programs and assistantship providers should publish their interview dates in order to reduce, but not eliminate, overlap among these dates with other graduate programs.*

Resolution Passed by the ACPA Directorate of the Commission on Professional Preparation  
(formerly Commission 12) during the 2002 ACPA Convention.
